Chakra Bracelet
Chakra bracelets are accessories designed to balance the seven chakras, which are said to be energy centres used for centuries by Indian and Eastern cultures. Each of the seven stones or charms in different colors or designs, represent one of the chakras — crown, third eye, throat, heart, solar plexus, sacral and root.
Chakra bracelets rely on the power of the gemstones or crystals. These bracelets use stones with particular energy properties to subtly change the wearer's life and health. Negative energy leaves the wearer and becomes trapped in the bracelet. Positive energy then emanates from each of the stones and rebalances the chakras.

heart, solar plexus, sacral and root. Chakra bracelets rely
on the power of the gemstones or crystals. These bracelets
are stones with particular energy properties to subtly change
the wearer's life and health. Negative energy leaves the wearer
and becomes trapped in the bracelet. Positive energy then
